Mark Badal
Executive Director of IT & InfoSec

"I passed the DoD CMMC CCA exam, and I would just like to send you the ecfirst Team a huge thank you note for all the support and guidance and for making this achievement happen.

The instructors made the four day training educational and entertaining. I've taken my CCP training from another provider. *The ecfirst support, platform and most importantly your care is miles ahead and way better.* Please keep it up and please do know that I am a fan of your cybersecurity certification training services."

"I loved the ecfirst CMMC training and the practice tests that helped me *pass the CMMC CCP test on my first try*. On my way to the Testing Center, as always, I had doubts, but when I saw the test I realized how much I had learned from ecfirst, including the *style of questions*, because I had taken so many practice exams on the ecfirst CMMC Academy Training Platform. I earned my HIPAA certification through ecfirst in 2004 and now, almost 20 years later, I am not just an alum, but a current student. Thanks Ali and team for always being there for me!"

"I initially engaged ecfirst, to provide approved CMMC Certified Professional (CCP) to me and some of my compliance team. I couldn't be more satisfied with the experience. **The training was comprehensive and engaging, providing me with the knowledge and skills I needed to successfully achieve my CCP certification.** The resources they provided after the training were invaluable, offering continued support and guidance as I prepared for the exam. I continued my CMMC journey with ecfirst by taking their approved CMMC Certified Assessor (CCA) training. Again, the people, the content, and the resources were outstanding. The instructor was not only very knowledgeable about the content but had real-world assessment experience and fielded all types of challenging questions from the class. I am in the process of studying for the CCA exam, but have a high degree of confidence about passing using the resources, especially the practice exam portal that ecfirst provides.

I was so impressed with the quality of the training and the dedication of the instructor that I decided to hire ecfirst to provide consulting services for my company, which is a Registered Provider Organization (RPO). **Their expertise and commitment to excellence have made a significant impact on our organization and our ability to provide CMMC readiness services to our customers**. I am confident that partnering with ecfirst was one of the best decisions we've made.

I highly recommend ecfirst to anyone seeking top-notch CMMC training and consulting services. I will also be highly recommending to our CMMC customers that are seeking certification to select ecfirst as their C3PAO. They truly go above and beyond to ensure their clients' success.
